INFORMATIVE RESOURCES

We live in a rural area with no local live Radio/TV/Emergency Warning Systems. Awareness requires various tools. Below are some apps and websites to monitor as well as links to some informative videos.

**To access some monitoring and communication sites may require that you subscribe to the service through your device App Store.

COMMUNICATION AND MONITORING APPS

➤ **CODERED** Emergency Notification

Register today! This is the only emergency notification in Plumas County. Register on-line + download app-Add Code Red Emergency Notification # to your favorites to get the alarm anytime. Read about requirements if your phone rings to music before you answer.

http://www.countyofplumas.com/2163/CodeRed-Emergency-Alert-System

➤ **FEMA -** FEMA by Federal Emergency Management Agency (FEMA).

https://apps.apple.com/us/app/fema/id474807486
